forwarded to the Comptroller for Communication to all the European officers that entered Service prior to the 21st Nov: 1905. The Comptroller has States that there is no ~~any~~ accurate information in his office as to the officers that are to be considered as Europeans so as to entitle them for the benefit of the above order.

The order in question does not limit its application to any particular class or grade of European officers that alone can draw their pensions in England. From the annual list of European officers prepared in this office for Submission to the Residency, it is easy to say who are all the European officers that entered Service prior to the 21st Nov: 1905.

But the real question at issue is, is every one of these officers entitled to the benefit of the above order? Of course, a great many of them holding Subordinate employments will not go to England nor claim the privilege. The cases of the Local officers should also be eliminated. So also those of the L.P. Scheme & of those working temporarily for definite periods - as that of Mr. Pilkington or of Mr. Adams (Supdt. of

SIR,

With reference to Government Proceedings No. Jul 7943-4 / P.W. A21-06-6 dated 20th Instant according sanction to the payment in England of the pension sanctioned to Mr. B. L. Rice C.I.E. retired Director of Archæological Researches in Mysore at the rate of 1S-9d the rupee instead of at 1S-4d the rupee as originally ordered and directing that pension be paid at this rate of 1S-9d to all European Officers entertained prior to 21st November 1905, I have the honor to state that revised instructions have been sent to Messrs. Coutts & Co. London regarding the payment of pension to Mr. Rice at the increased rate.

2. As regards the direction that I should communicate this order to all European Office

entertained before the 21st November 1905. I beg to state that there is no accurate information in my Office as to the Officers whose claim to be considered as Europeans has been recognised and to whom therefore the benefit of the exception to Art 523 Mysore Service Regulation now sanctioned is to be extended. I believe that from the ~~annual~~ returns of Europeans sent by the Heads of Departments a consolidated statement is prepared in the Secretariat and this may show the Officers who are entitled to get their pensions at 1/5-9d the rupee if they draw it in England.

I request that the names of the Officers whose pensions are payable at the favourable rates of exchange, may be intimated to me so that I may communicate the order to them.

I have the honor to be
